Subject: [EXTERNAL] Request for extension to comment period for Berry Hill PN-NAO-2010-0423/2012-1671

Tom -

As we discussed yesterday, EPA Region 3 is requesting an additional seven (7) days to provide comment on the proposed Berry Hill development.

We are making this request due to the significant changes in project design from the original PN; further analysis on the potential impacts to an ARNI; and an internal review of how our Brownfields program may assist in the identification of an alternative which may be less damaging.

Please let me know if you have any question or concerns.

Thanks,  
Jeff
